18" TITAN MANWAY

- ✓ All composite construction
- ✓ Water-tight o-ring seal
- ✓ H-25 Load Rating
- ✓ Non-skid surface

Characteristic	M1WT18-12 | M1WT18-18
Nominal access opening	18 in
Skirt height	12 & 18 in
Cover construction	Fiber-reinforced composite
Frame/skirt construction	Fiber-reinforced composite
Cover seal	Replaceable round O-ring
Seal configuration	Radial seal against the side sealing surface
Water-intrusion performance	Tested without leakage under 18" of water head
Surface	Molded slip-resistant tread
Cover access	Recessed lifting/key feature
Intended application	Petroleum probe, sensor, & monitoring well water-tight access
Corrosion characteristics	Noncorroding composite primary construction
Load classification	Meets H-25
