

A6000-EZ SERIES

The **A6000-EZ** pedestal sump provides dispenser containment in both aboveground and marina fuel applications. These units come pre-assembled for quicker installations. Just set it in place and mount your dispenser! The **A6000-EZ** includes all stainless-steel piping, double poppet shear valve, and bracket. Product piping is connected to the 2-inch coupling in the rear, eliminating the need for an entry boot.

Features:

- Factory assembled for your dispenser
- Welded 2" coupling requires no entry fitting
- Configured for Wayne & Gasboy models
- All stainless internal piping
- EZ connect fittings allow for future adjustability
- Sump available in stainless steel and epoxy-coated
- 1.5-inch double poppet shear valve & bracket
- Includes EBS Series conduit fitting for ¾" and 1" conduits
