

B600 Series

TRANSITION SUMP

SIZES:

- Small 25.5"
- Large 41.5"

*See page 2 for dimensions drawing and chart

MATERIALS:

- Tank-grade fiberglass material allows our product to be exposed to fuels
- Epoxy coated galvanized steel

OVERVIEW:

Bravo's B600 Series single wall and double wall transition sumps are compatible with all common motor fuels and can be ordered with standard AST fittings pre-installed. The fittings range from electrical offset (EO) to 3" compression pass-through AST fittings. This series comes standard with positive concrete anchoring and mounting points for optional rack system. Flush-mount diamond plate cover for walkover applications.

SPECIFICATIONS:

- Quality FRP construction, no need for gelcoat for chemical resistance
- Water-tight lid prevents leaks
- Walk-over diamond plate cover and factory drainage tubes
- Accommodates up to 5 factory installed AST fittings depending on model
- Factory mounting points make a rack system installation simple
- Double wall construction can be monitored with vacuum or hydrostatically making it triennial testing exempt with continuous monitoring
- Ships under a continuous 20" Hg vacuum test
