

Sump Lid Top Hat

TANK SUMPS

OVERVIEW:

Bravo's top-hats replace the entire top portion of a cylindrical FRP tank sump. They come standard with a snap-lock water tight sump lid. The lid features an integrated pressure/vacuum valve to avoid a buildup of vacuum inside the sump. Step-to-seal design and quarter turn locks provide easy operation.

SIZES:

- 42" or 48" round
- 32" or 36" Snap-Lock Lid

*See page 2 for dimensions drawing and chart

MATERIALS:

- Tank-grade fiberglass material allows our product to be exposed to fuels
- No secondary protective gel coat needed

SPECIFICATIONS:

- Lid seals simply by stepping on it, then turn the handles to lock position
- No nuts or removable parts to lose
- Lamination kit sold separately
- Anti-water PV valve prevents pressure or vacuum from building
- Tested to be water-tight under 5' of water
